## APPENDIX A

## RESOURCES

## **I. INTRODUCTION**

This Conceptual Stage Relocation Plan is submitted in compliance with Florida Statute 339.09, and the Uniform Relocation Assistance and Real Property Acquisition Act of 1987 (Public Law 91-646).

The purpose of the Conceptual Stage Relocation Plan is to identify residences and businesses impacted by the project and to identify special relocation needs. The plan also discusses community characteristics and analyzes the impact of the project on the community.

### **PROJECT DESCRIPTION**

The Florida Department of Transportation proposes to widen CR 388 to a four-lane divided highway, from SR 77 North of Southport to SR 79 North of the West Bay Bridge, a total distance of approximately 12 miles. The need for the project is based on the functional obsolescence of the existing facility, as well as the need to provide expanded highway capacity to meet projected future travel demand.

**SEGMENT 2  
EVALUATION  
MATRIX**

Note: The historical structure identified above for alternative 1 and 2 has been destroyed and removed.

## **II. RELOCATION OVERVIEW**

The following synopsis of each of the potential displacements anticipated indicates the relocation activity generated by the proposed acquisition on this project. The primary categories identified for relocation/potential relocation for FP No. 424464-3 Alignment 1 are residential and commercial.

Replacement sites are available to accommodate the successful and timely relocation of displacees within the respective neighborhoods from which they will be displaced. Vacant replacement sites are available for both residential and commercial properties. Improved residential and commercial listings appear to be adequate in the immediate project area.

In summary, availability of improved and vacant listings indicated sufficient sites for relocatees.

## **III. ESTIMATE OF HOUSEHOLDS TO BE DISPLACED**

### **A. Minority Displacement**

It is anticipated that approximately 10% of the displacees on this project will be minorities.

### **B. Income Range**

The median household income was \$48,516 for Bay County according to the 2000 US Census Statistics. The income range of those displaced by this project is estimated to be at or below the median household income for Bay County.

### **C. Tenure of Structures**

The structures affected by this project alignment are single family residences and mobile homes ranging in actual age of 8 to 40 years with effective ages of 8 to 30 years.

### **D. Elderly Households**

It is anticipated that approximately 15% of the displacees on this project will be elderly.

### **E. Persons in Household**

It is estimated there are three persons in each household to be displaced.

F. Handicapped or Disabled Relocates

There were no special cases identified on this project such as handicapped or disabled displacements that warrant special assistance. Should special assistance services be necessary, there are ample organizations in the area to assist the relocation agent with specialized help.

(A list of advisory service organizations is located in Appendix A.)

Table 3-1 shows a summary of the number of residential displacees associated with this project. A detailed list of the residential relocatees can be found in Table 3-2.

<b>TABLE 3-1 RESIDENTIAL DISPLACEMENT SUMMARY</b>	
<b>RESIDENTIAL DISPLACEMENTS Alignment 1</b>

3939 Hwy 388 W	Owner	1,766 sq.ft. built 2002

#### IV. AVAILABILITY OF DECENT, SAFE AND SANITARY HOUSING

There are two potential residential relocations on this project including two owners. (Table 3-2) According to the Bay County Association of Realtors, Inc., Multiple Listing Service, there are ample residential dwellings available to accomplish the relocations necessary for this project.

## V. SPECIAL RELOCATION ADVISORY SERVICES

There were no special cases identified on this project such as handicapped, disabled displacements or elderly that warrant special assistance. A list of advisory service organizations is located in Appendix A of this report.

## VI. LAST RESORT HOUSING

It has been determined through field surveys and market data that suitable replacement housing is available near the study area to accommodate anticipated residential displacements. However, due to age and condition of the existing structures, it is anticipated that last resort housing payments may be necessary. Comparable replacement housing was located through local real estate agents and field reviews. All housing is available without discrimination.

## VII. ESTIMATE OF THE NUMBER, TYPE AND SIZE OF BUSINESSES

The business dislocation on the economy should be minimal. The businesses on CR 388 comprise a minimal part of the overall economic base. It will be important to relocate these businesses within close proximity of the project area. See Exhibit 7-1 for the affected businesses on this project.

# **BUSINESS INVENTORY**

**EXHIBIT 7-1**

1. Creamer’s Sawmill - located at 338 Highway 388 W will need to be relocated. There are approximately five to ten employees at this business.
2. Buck’s Bar – located at 9338 Highway 77 will need to be relocated. There are approximately three to five employees at this business.

### VIII. EARLY CONSULTATION WITH THE LOCAL GOVERNMENT

There will be no incentive packaging for relocatees in Bay County. There will be no tax abatement or any special programs other than the assistance provided by the FDOT.

The Bay County Building and Zoning Department has indicated that variances for non-conforming buildings as a result of an eminent domain taking will be considered on an individual case basis.

(A list of advisory service organizations is located in Appendix A.)

### IX. IMPACTS ON THE COMMUNITY AND SPECIAL POPULATIONS

The proposed improvements consist of widening CR 388 from two to four lanes. The construction of this project is expected to minimally disrupt neighborhood activity. Since the project adjoins existing right of way on an existing roadway, its completion will not subdivide neighborhoods or negatively impact neighborhood identity. The project does not separate residences from community facilities such as churches, schools, shopping areas or civic or cultural facilities. The project is not expected to contribute to social isolation of any special populations of elderly, handicapped, minority or transient dependent.

### X. ACQUISITION AND RELOCATION ASSISTANCE RESOURCES

In order to minimize the unavoidable effects of the right of way acquisition and displacement of people, the FDOT will carry out a Right of Way Acquisition and Relocation Assistance Program in accordance with Florida Statutes, Chapter 339.09(5) the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (Public Law 91-646, as amended) and the established guidelines by which these programs are administered. The FDOT provides advance notification of impending right of way acquisition. Before acquiring right of way, all properties are appraised on the basis of comparable sales and land use values in the area. Owners of

property to be acquired will be offered and paid fair market value for their property rights.

At least one Relocation Agent is assigned to each highway project to carry out the Relocation Assistance and Payments Programs. A Relocation Agent will contact each person to be relocated to determine individual needs and desires, and to provide information, answer questions, and find help in locating replacement property.

**Relocation resources are available to all relocatees without discrimination.**

Financial assistance is available to the eligible residential owner-occupant to (A) make up the difference, if any, between the amount paid for the acquired dwelling and the cost of an available dwelling on the private market, (B) provide reimbursement of expenses such as legal fees and other closing costs incurred by buying a replacement dwelling or selling the acquired property to the **FDOT**, and (C) make payment for an increased interest cost resulting from having to get another mortgage at a higher interest rate. Replacement housing payments for an owner occupant are limited to \$22,500.00. A displaced residential tenant may be eligible to receive a supplement, not to exceed \$5,250.00 to rent a replacement dwelling or room, or to use as a down payment (including closing costs) on the purchase of a replacement dwelling.

An individual, family, business, farm operation, or nonprofit organization is entitled to payment for actual, reasonable and necessary moving expenses for a distance of not more than 50 miles, in most cases, provided that the eligibility requirements are met for an initial or subsequent occupant and the property is subsequently acquired by the FDOT.

No persons lawfully occupying real property will be required to move without at least 90 days written notice of the intended vacation date, and no occupant of a residential property will be required to move until decent, safe, and sanitary replacement housing is “made available.” “Made available” means that the affected person has either by himself obtained and had the right of possession of replacement housing, or that the FDOT has offered the relocatee decent, safe and sanitary housing which is within his financial means and is available for immediate occupancy.

The “Real Estate Acquisition Process” is a brochure, which describes in detail the Right of Way Acquisition Program. The Relocation Assistance and Payments Program is outlined in the “Your Relocation” brochure. These booklets are distributed at all public hearings and are made available upon request to any interested persons.

**XI. POTENTIAL HAZARDOUS WASTE CONCERNS**

There were no hazardous waste/potential hazardous waste sites identified in the project covered in this report.

## **XII. FUNCTIONAL REPLACEMENT OF REAL PROPERTY IN PUBLIC OWNERSHIP**

There were no publicly owned lands identified that would require functional replacement of real property in public ownership.

## **XIII. IMPACTS ON CEMETERIES OR BURIAL PLOTS**

There were no impacts on cemeteries or burial plots identified in the project covered in this report.
